

Gitte Søe

PROFILE

A strong drive for working with people and making the best of everything around me.

Goal oriented professional with drive, strong communication skills and many years of experience of customer service in different fields. I have had my own company for more than 6 years, which I have closed now, therefore I have a lot of experience in different fields, from design, concept development, brand strategy, graphic design, marketing, photo shoots, buying and sourcing experience, production development and cost optimization experience, financial understanding and good business acumen. I like to be challenged and find new solutions to achieve the targets. Great level of self-motivation and good problem solving skills. Always with a smile.
